

October 7, 2018

Greetings Food House Teams!

As of this writing, Portugal, Colombia, The Netherlands, and Canada have submitted their Food House applications!

Because of the nature of all of the details we must execute as well as the time limitations to get it all done correctly, late applications will go to a waiting list. October 15th is THE deadline.

If your NSO selects not to do a Food House, perhaps some of your great foodie volunteers might consider serving as IST for the Chat 'n Chew...the IST camp's snack bar.

NEWS: Our contractor has agreed to a 6% rebate on food & beverage purchases. For NSO's with a Food House, we will pass that rebate along to you as a credit on your final invoice. Please note that this rebate is not on tents or equipment.

Please get those applications submitted by October 15th.

Thanx,

Rick Diles, CCM | Team Lead - Food
